What do we do?

We provide a prayerful, pastoral support service to working individuals.

We combat workplace isolation by building community.

We encourage engagement with and understanding of the Christian faith.

Our Vision

Our vision is to see Christians have spaces and places to come together and support each other to grow and live out their faith in the workplace.

Our Strategic Objectives

In May 2024, we reviewed and updated our strategic objectives.

1

LISTEN:

To provide a prayerful, pastoral support service to working Christians

- Providing opportunities (including one-to-ones) for individuals to be able to talk confidentially about work, faith and life.

2

BUILD COMMUNITY:

To combat workplace isolation by building community

- Support Network Groups to start, thrive and grow, in order to connect and encourage working Christians.
- Develop opportunities for network-wide interaction and celebration to foster a sense of belonging.

3

ENGAGE:

To encourage engagement with and understanding of the Christian faith

- Equip Christians to feel confident about expressing their faith in the workplace.
- Develop opportunities for people of all faiths and none to join with the network to explore the Christian faith.

Our 3 Year Growth Plan

As a team, we have identified the following areas as priority areas to develop over the next three years, beginning January 2025.

In the next 3 years, we want to provide more resources and training opportunities to further encourage and equip Christians for the workplace.

- Make available training opportunities, like seminars, panel events and workshops, for our network members and beyond.
- Invite and host guest speakers from further afield.

more resources

In the next 3 years, we want to be more present in the city centre and more 'accessible' to the working community within Birmingham and beyond, by increasing the availability of our staff team.

- Increase the working hours available to existing staff members and recruit new, complementary staff members.
- Build the DrawBreath Listening team, multiplying the opportunities for DrawBreath conversations across the city.

increased availability

In the next 3 years, we want to develop and deepen relationships across the ChaplaincyPlus network by welcoming new network members and creating more meaningful connections between existing members.

- Grow the existing Network Groups and make space for new groups.
- Strengthen existing connections and establish new connections with local businesses, churches and organisations.
